It's getting difficult
each moment here alone
and its getting dark outside...
and stranger here without you

But I see a firefly
glowing in the summer sky
like bright confetti
burning in the night

How do you do it
you make me feel this way
How do you do it
all these games we play
How do you do it
how can you say the things you say
How do you do it
It breaks my heart- every day.... again & again

I don't think you know that I believe in you
I don't think you understand how much I love you still
And I don't think you realize, that you are perfect in my eyes
I don't think you know that I believe.... In you

Its getting harder
everyday like yesterday
And tomorrow feels unreachable
a thousand years away
But I see a firefly
swimming in the air tonight
like bright confetti
dancing in my mind...

How do you do it
you make me feel this way
How do you do it

all these games we play
How do you do it
how can you say the things you say
How do you do it
It breaks my heart- every day.... again & again

I don't think you know that I believe in you
I don't think you understand how much I love you still
And I don't think you realize, that you are perfect in my eyes
I don't think you know that I believe.... In you

I spiral into circles,
and all of this for you
so tell me how to find you now
and tell me what to do...

How do you do it
you make me feel this way
How do you do it
all these games we play
How do you do it
how can you say the things you say
How do you do it
It breaks my heart- every day.... again & again

I don't think you know that I believe in you
I don't think you understand how much I love you still
And I don't think you realize, that you are perfect in my eyes
I don't think you know that I believe.... In you
