The hand creates  
and chiseled stone  
rises from beneath the striking  
hidden here below the fracture  
the beautiful is corporal  
the beautiful is real

I write these dreams  
to make this world  
something more  
than hate and greed  
I cast a vision  
to change the tides  
to give this world  
what I have seen

find the face within the stone

The Cyphered dreams  
of love enduring  
no winds shall come  
to move this stone...

for here I plant  
my gift to you  
a monument  
within the mind  
the stone is breathing  
the heart is beating  
and my soul is present  
in every word...

Galatea lives  
and she will love you  
while angels comfort-  
should you fall...
