I should be ashamed for what you've done to me  
It's only happened because I let it be  
But no more

You are not wrong, you who believe  
Your will defines your destiny  
But if you act in selfish fear  
Then truth means nothing

You are not wrong if you perceive  
The message veiled in mystery  
But if we bury what we dream  
We're left with what remains

There is no vision that we surrender  
Breathless time can take no prisoners  
My avatar, I call you to return  
And the cycle is fulfilled

I'm taking back my love, taking back my pride,  
Taking back my dreams, and my life  
This is the ground I will defend  
A rage of angels bears the end

I'm taking back my hope, taking back my goals,  
Taking back my memories, and my soul  
This brand is forged to my crusade  
Quicksilver, the future belongs to the brave

You are not wrong if you believe  
Perception works its alchemy  
And I become the phoenix once again  
Transforming destiny

We brace before the fates descending  
With resolution never ending  
As Nike stands, her shield before me,  
Sophia guide my hand

There is no wisdom that we surrender  
Breathless time can take no prisoners

My avatar, I call you to return  
And the cycle is fulfilled

I feel the wishfire burning cold  
Black wings to fill the sky unfold  
And nothing takes from God his storm  
See the angels' eyes transform
