When life has slipped behind this isolation
Cruelty and hatred have become
The cause of those whose eyes are full of wanting
The truth will still abandon none...
So you must carry this light into the darkness
You shall be a star unto the night
You will find hope alive among the hopeless
That is your purpose to this life

The lips draw words
And hands find actions
Still there is more within one heart
And to the silence, will you answer?
Before the chaos, will you come?

Do not injustice to another
Defend the weak & innocent
May truth & honor always guide you
Let courage find a life within
Stand up when no one else is willing
Act not in hatred or in spite
Be to this world as a perfect knight
Even if it means your life...

Here I am,
Alive among the injured and the dead
Here I am
Thy will be done
Sancta Sophia
Peace is born to your victory
Athena Sophia
How can I hope to live... what I cannot dream?

You cannot map the ways of divinity.....
This much is known...
Only unto God

And through these doubts
And through your confusion
Know that you are chosen to this fight
Look to find a soul filled with compassion
Look to see see a living source of light

Do not injustice to another
Defend the weak & innocent
Let truth & honor always guide you
Let courage find a life within
Stand up when no one else is willing
Act not in hatred or in spite
Be to this world as a perfect knight
Even if it means your life...

Here I am,
Alive among the injured and the dead
Here I am
Thy will be done
Sancta Sophia
Peace is born to your victory
Athena Sophia
How can I hope to be... what I can't believe...
