A soul of pure mechanics  
A sentinel to this edge  
Battle bruised and filled with holes  
Last living to protect

Burning chrome and steel becomes  
something more alive  
that to destruction so consigned  
believing will survive

Look up now child  
To the sky  
And hear the titans'  
Fearless cry  
For you, these mortals  
Now become  
An offering to life  
And all the men  
Who will not die  
Even though  
They give these lives  
Return to us  
And in our hearts and minds  
As heroes will survive

Engines burn in glowing rage  
High above the clouds  
Where bullets reign  
And metal bleeds  
As smoke comes streaking out  
Now limping back sad victory  
Its wings are losing flight  
And down it goes  
This fireball  
It's etched into my mind

Look up now child  
To the sky  
And hear the titans'  
Fateful cry  
For you, these mortals

Now become  
An offering to life  
And all the men  
Who will not die  
Even though  
They give their lives  
Return to us  
And in our hearts and minds  
As heroes will survive
