The Definition of truth
is lost in the telling
objectively cold
to an unwilling tide
so who are you now?
were you wounded by living?
have you buried perspective
screaming inside?
I see the choosers of the fallen
I see the promises they bind

Pre-Chorus:

God knows that I am fighting still
each step defining who I am
God knows that fate is armed with arrows
and she watches the battle field

Chorus:

And if I fall give me the strength
to rise unbroken
and where I stand
the coverage and will to fight
that when I dream
these eyes discreen my purpose and believe
that should I die
self sacrifice becomes this victory

There's a fragment of me
in the word I'm giving
A doorway is opened
if you listen to long

So who have you dreamed?
with the power of being?
Do you like who you are?
Do you like what you've done?

Pre-Chorus:

God knows that I am fighting still
each step defining who I am
God knows that fate is armed with arrows

and she watches the battle field

Chorus:4X

And if I fall give me the strength
to rise unbroken
and where I stand
the coverage and will to fight
that when I dream
these eyes discreen my purpose and believe
that should I die
self sacrifice becomes this victory
