

# The Crüxshadows "Waiting To Leave"

Visit "[Waiting To Leave](#)" on [MotoLyrics.com](http://MotoLyrics.com)

With watching eyes  
You see dreams dissolving  
Distant voices slipping away  
I have to go - I hear  
The call of something deeper  
A voice inside of me

And tears return  
Beneath the happy ending  
Promised words that scattered  
In the cold  
I have to leave, I hear  
The call of something higher  
Something young becoming old

I can't stay here any longer  
Trapped here by the rain  
I can't stay here any longer  
Waiting for this train

I'm waiting for the last train  
Out of nowhere  
I'm waiting for the last train  
On the line  
Some people say that I will  
Never leave here..  
But I have to go this time

I'm waiting for the last train  
Bound for somewhere  
I'm playing with my last chance  
On the line  
I think it's really now or never  
You know I have to try...

My sympathies,  
Are wasted on regretting  
Why not come with me?  
I have to go - I hear  
The call of something stronger  
And it's pulling me away

I can't stay here any longer  
Trapped here by the rain  
I can't stay here any longer  
Waiting for this train

I'm waiting for the last train  
Out of nowhere  
I'm waiting for the last train  
On the line  
Some people say that I will  
Never leave here..  
But I have to go this time

I'm waiting for the last train  
Bound for somewhere  
I'm playing with my last chance  
On the line  
I think it's really now or never  
You know I have to try...

I've been running around in circles  
Without any direction  
I've been searching hard to find  
Who I really am..

I've been running around in circles  
Without any direction  
I've been lost here for so long  
I've forgotten who I am..

I'm waiting for the last train  
Out of nowhere  
I'm waiting for the last train  
On the line  
Some people say that I will  
Never leave here..  
But I have to go this time

I'm waiting for the last train  
Bound for somewhere  
I'm playing with my last chance  
On the line  
I think it's really now or never  
You know I have to try...
