[CHORUS]

Sugar and spice
And all things nice
Kisses sweeter than wine
Sugar and spice
And all things nice
You know that little girl is mine

Everybody stops and
Stares at my baby when
She's walking down the street
People passing by
Just look at my baby
Cause my baby looks so sweet
You know she's

[Repeat CHORUS]

Every time we kiss
I get that feeling
Every time we simply meet
When I see you smile
I get that feeling
Cause my baby looks so sweet
You know she's

[Repeat CHORUS 2x]

Never ever knew a girl so lovely
Sweet enough to want to eat
Everyone's crazy about my baby
Cause my baby looks so sweet
You know she's

[Repeat CHORUS]
