I've been good for weeks now I'm telling ya I'm in control  
I've got my shit together I know when I should fold  
It's just tonight nothing at all to fear  
You'll be with me all the time it's not like I could run off anywhere

I go right home, but I won't be alone  
A thousand in cash and a mobile phone  
I don't know how I'll stop  
I sure can't tell you when  
I am lost in that whirlpool again  
Don't think I'll ever stop  
Can't see a reason why  
Only dying makes me feel, feel alive

It's that constant burden of trying to make it bearable  
When my life is so fucked up and so far from reparable  
That make me look for that final nail for my coffin  
It's way past midnight but I find hundreds in the nothing  
(The same lies I've told everybody including myself a hundred times)

I go right home, I won't be alone  
A thousand in cash and a mobile phone  
I don't know how I'll stop  
I sure can't tell you when  
I am lost in that whirlpool again  
Don't think I'll ever stop  
Can't see a reason why  
Only dying makes me feel alive

Wide awake, I never went to bed  
Naked by the window,  
And the sun is pissing red  
My hands look rusty, guess my nose has bled  
Then I remember what my father said, what he said

I don't know how I'll stop  
I sure can't tell you when  
I am lost in that whirlpool again

Don't think I'll ever stop  
Can't see a reason why  
Only dying makes me feel alive
