[Dean, Doom, Cargo]

Love the way we die
Nothing ever really happens at ALL
Love how we lie
Ignoring how we fall

Sweet denial

This is not
This is not the way

Where's that voice
Deep in our mind
The one that says it's ok?
Not a sound. Just a black silence
Time, can it go slower?
Life, can it get lower?

Death disguised as life
Sit in silence
Watching others breathing
Reach for the knife
Cuz' now's the time for leaving

Sweet relief

This is all
This is all the way

Where's that voice
Deep in our mind
The one that says it's ok?
Not a sound. Just a black silence
Time, can it go slower?
Life, can it get lower?
