You're right, She left, I'm stuck with ashes
Be smart, act dumb, that was her tactics
Not gonna stand here like Abel to Kain, I'm gonna show
her
I'm a true believer
Oh the pain and hell that I'll give her

Yeah, I'm a man!

We made a vow, so that was perjury?
Her pain will be legendary
Through the good and bad till do us apart, she will
remember that for a while
A death so bad it makes me smile, oh yeah!

I like the way you fall
Nothing says goodbye like a knife baby to your heart,
now
You hear the silence call
My eyes have never been dryer
OH, the way you fall apart.

You're right, She left... And what a blessing
Be smart, act dumb, that was her ending
Didn't stand there like Abel to Kain, really showed her
I'm a true believer
Oh the pain and hell I did give her, yeah!

I like the way you fall
Nothing says goodbye like a knife baby to your heart,
now (to the heart)
You hear the silence call
My eyes have never been dryer
OH,
The way you fall apart.
