No, no denial, we both saw this
Expanding the masses, we shout till we don't miss
You came here, you wanted it, said it would happen, let
history prevail
Undress my Maria
Let misery tumble our grail

Why did we end up here?
Fuck!
What's with that poison stare?
Well baby, I guess we are just out of luck

This is not about us
This is not about lust
So who do you trust?
Let's sleep, the sleep of the just

You, you don't want it, well neither do I
No sweet words. No reason for us to lie.
A mission was given us, I'm not a quitter and traitors
are show when day breaks.
In every war they seem to up the stakes

Why did we end up here?
Fuck!
What's with that poison stare?
Well baby, I guess we are just out of luck

This is not about us
This is not about lust
So who do you trust
Let's sleep, the sleep of the just

Why did we end up here?
Fuck!
What's with that poison stare?
Well baby, I guess we are just out of luck

This is not about us
This is not about lust
So who do you trust?
Let's sleep, the sleep of the just

The sleep of the just
