I had a dream last night
It wasn't a nightmare,
Something sweet
Someone rewind this fucking movie
And gently pushed delete
I'm not kidding, I never happend
I woke up thinking there might just be some hope after
all
Then it hit me, I've got nothing
A piece of rock where my heart sould have been,
LIFELESS and SMALL

The feeling that it's over
Finally something to be savoured
My every fucking heartbeat
Like a bullet being chambered
Like a bullet being chambered
There comes a time where you can't hide
All the tiny crosses of your life +++++

Tomorrow is for the others, for the young at heart, who
cares
I live for the blang pages at the end,
And I'm already there
Call me pathetic, Call me a coward
I won't hear you cause I'm out of here
Before you start to cry
If the never And forever
Go happily together, there can be silence just TRY

Nothing ever gets better, Not for anyone
It never gets easier, We burn in the sun
So don't tell me that given some time I will cope
Cause the only thing worse than libing is hope
So let the sun break through the fog
And put me down like a rapid dog

The feeling that it's over
Finally something to be savoured
My every fucking heartbeat
Like a bullet being chambered (Deliver my soul from
the sword, my love from the power of the dog)

Like a bullet being chambered
There comes a time where you can't hide
All the tiny crosses of your life +++++
(Cuz')
The Feeling that it's over
Finally something to be savoured
(I've been living so much only the promise of death can
keep me alive)
My every fucking heartbeat
Like a bullet being chambered
(A tidal wave is coming)
Like a bullet being chambered
(Tie me to the bridge)
