Take me back
Hold it
No no no rewind, yeah right there
Oh fuck it
(Chor)
Welcome to the show
I'll explain if your don't know
I'm your host
Your the guest
The game is the world
Excuse the mess
Question, who's responsible?
Answer, it's us
Question, What can we do
It's to late so stop the fuss.
All we do is look after number one
Until it happens nothing gets done
If we'd taken the time to take the time
We'd be in better shape
But what's the point
All we do is steal, kill and rape
Yeah right
That's got us far
Like a car without the wheels
No one seems to care
What the other person feels
Shout until your blue in the face
Scream from the loudest mic
It makes no difference
So we're all on the show tonight.
(Chor)

Answer, it's us
Question, What can we do
It's to late so stop the fuss.

Break it down
Change the mood up in here
I'm still waiting for the day
When rush hour will be clear
Look around you
Open your eyes
Take a big breath of that air
If you knew what you were breathing
Yeah i think i you'd care
But we you don't
And that's my point
We just carry
No one's prepared to fight
So it makes no difference
We're all on the show tonight.
