you know i'm sorry if you misunderstood
but your confusion is a bit overdone
i was only in to do it good
i was only in to have some fun
i went out of my way to get this bad
and you still don't get how far
but now i'm back! i'm new!
and it's a wonderful thing
but you still don't get how things are...
not superstition - i'm talking hideous kinky
no not religion - i'm talking serious oobe
not science fiction - i'm talking horrible freaky
yeah all the stuff you don't believe in
well that stuff is for real
got myself a change of life
got myself a change of style
got myself a new direction
got myself a reason why...
i just fell right out of my face one day
and i took it as a sign from god
and now i'm feeling good
and i'm moving up
and i've got to do it now

yeah i'm sorry if you misunderstood
but your condition is a touch overplayed
i was only in to do it good
i was only in to get it made
i went way out of my way to get this bad
and you still don't get how far
and now i'm back! i'm new!
and it's a wonderful thing
but you still don't get how things are...
not superstition - i'm talking hideous kinky
no not religion - i'm talking serious oobe
not science fiction - i'm talking horrible freaky
yeah all the stuff you don't imagine
well it's happening to me

got myself a change of life
got myself a change of style
got myself a new direction

got myself a reason why
i just fell right out of my face one day
and i took it as a sign from god
