If only you'd never speak like that
The way that you do
If only you'd never speak like that
It's like listening to
A breaking heart
Friendships die
Fires go out
All these lies
I wish you felt the way that I still do
The way that I still do

I wish you didn't look like that
The way that you do
If only you'd never look like that
When I look at you
A face of (hate?)
Eyes like ice
And mouth so sweetly telling lies
I wish you felt the way that I still do
The way that I still do
But you don't
You don't feel anymore
You don't care anymore
It's all gone

If you'd never talk like that
The way that you do
If only you'd wouldn't speak like that
It's like listening to
Fires go out
Friendships die
Mouth so sweetly telling lies
I wish you felt the way that I still do
The way that I still do
But you don't
You don't feel anymore
You don't care anymore
It's all gone
It's all gone
It's all...

Remember the way that the dream could come true

It's all up to you
Remember the way that the dream could come true
Just pull
It's all up to you
Just push
