Say this is it, don't say maybe, don't say no
Say this is it, don't say hold on, don't say slow
Say this is it, don't say next time, don't say when
Say this is it, don't say later, no, don't say then

Just say yes! Do it now, let yourself go
Just leap, don't look or you'll never know
If you love it, you might really love it
Oh come on, come on and love it

Yeah, this is it, don't be cautious, don't think twice
Yeah this is it, don't play it safe, don't put it on ice
Yeah, this is it, don't chew it over, no don't kick it
around
This is it, don't wait and see, don't try to work it out

Just say yes! Do it now, let yourself go
Just leap, don't look or you'll never know
If you love it, you might really love it
If you love it, you might really love it

Oh don't tell us it could all go wrong
No don't tell us it could all be a mess
So don't tell us it could all be a waste of time
Just say oui! Si! Sim! Da! Ja! Yow! Igen! Kylla!
Just say yes!
