Side by side in silence
They pass away the day
So comfortable, so habitual
And so nothing left to say

Nothing left to say
Nothing left to say

Side by side in silence
His thoughts echo round
He looks up at the sky
She looks down at the ground

Stares down at the ground
Stares down at the ground

Side by side in silence
They wish for different worlds
She dreams him as a boy
And he loves her as a girl

Loves her as a girl

And side by side in silence
Without a single word

It's the loudest sound
It's the loudest sound
It's the loudest sound I ever heard
