H-h-however much I push it down  
It's never enough  
H-h-however much I push it around  
It's never enough  
H-h-however much I make it out  
It's never enough, never enough  
H-h-however much I do

H-h-however big I ever feel  
It's never enough  
Whatever I do to make it real  
It's never enough  
In any way I try to speak  
It's never enough, never enough  
However much I try to speak  
It's never enough

However much I'm falling down  
It's never enough  
However much I'm falling out  
It's never enough  
Whatever smile I smile the most  
It's never enough, never enough  
However I smile I smile the most

So let me hold it up, just one more go  
Holding it up for just once more  
One more time to fill it up, one more time to kill  
Whatever I do is never enough  
It's never enough

However much I push it down  
It's never enough  
However much I push it around  
It's never enough  
However much I make it out  
It's never enough  
However much I do  
Never enough, never enough

However much I'm falling down  
It's never enough

However much I'm falling out  
It's never, never enough, never enough  
Whatever smile I smile the most  
It's never enough  
However I smile, I smile the most

So let me hold it up, just one more go  
Holding it up for just once more  
One more time to fill it up, one more time to kill  
Whatever I do is never enough  
Never enough

So let me hold it up, just one more go  
Holding it up for just once more  
One more time to fill it up, one more time to kill  
Whatever I do is never enough  
It's never, never enough
