"One by one they drop" you said  
"Left us two on a ride stopped dead..."  
"It's monkeys on the track  
All fell out of their tree...  
Lost their tails" I said  
"In the deep dark sea..."

So take me on the ice and push me around  
And every time I fall I kiss the ground  
You skate on by without a sound  
Yeah I'm in love with you cold  
Any warmer and I drown

Whatever you want  
Whatever you need  
Oh anything at all  
I'm only here to please you  
In any way I can  
There's really nothing in the world  
I won't do  
To get a new york disney smile from you

Ow! you're so beautiful it hurts  
Ow! the most beautiful girl I ever...  
Ow! too beautiful for words  
Now please! inside beside me  
And let's take on the world

"One by one they drop" you said  
"Left us two on a ride stopped dead..."  
"It's hard to be sure  
But I swear they're whales  
Swimming down the line  
Spitting monkey tails..."

So drag me on the floor and get me to twirl  
And every twist around I buss you first  
You spin right through  
A perfect blur  
Yeah I'm in love with you quick  
Any slower and I burst

Whatever you want  
Whatever you need  
Yeah anything at all  
I'm only here to please you  
In any way I can  
There's really nothing  
I won't do  
To get a new york disney smile from you

Ow! you're so beautiful it hurts  
Ow! the most beautiful girl I ever...  
Ow! too beautiful for words  
Now please! inside beside me  
And let's take on the world

"One by one they drop" you said  
"Left us two on a ride stopped dead..."  
"It's vultures on the rail  
And they're packed down tight  
Best get close" I said  
"This could take all night..."
