I paint your nails and brush your hair  
Until you are so very beautiful  
I whisper in your ear and on my knees  
I tell you that you are desirable

You don't need to cage me  
To close all the doors  
As long as you keep me  
I will always be yours

Play with me  
Play with me

I stroke your neck and lick your neck  
And do just what you tell me to do  
Sometimes I'll beg [Incomprehensible]  
But only when you want me to

Don't need to cage me  
To close all the doors  
As long as you keep me  
I will always be yours

Play with me  
Play with me

I know that you need me  
I know that you care  
You know that I may not love you  
But I will always be there

I paint your nails and brush your hair  
And tell you that you are so very beautiful  
I whisper in your ear and on my knees  
I tell you that you are desirable

Don't need to cage me  
To close all the doors  
As long as you keep me  
I will always be yours

Won't you play with me?  
Play with me

Won't you play with me?  
Please come play with me
