Talking all night in a room
Talking all night in a room
All night
All night
Everything slowing down
Everything slowing down
I wish I was yours ...
I wish I was yours ...

Strangers
Strangers
Nobody knows we love
Nobody knows we love
I catch your eyes in the dark
I catch your eyes in the dark
One look relives the memory
One look relives the memory
Remember me
Remember me
The way I used to be
The way I used to be
