Time slips away
Time slips away
And the light begins to fade
And the light begins to fade
And everything is quiet now
And everything is quiet now
Feeling is gone
Feeling is gone
And the picture disappears
And the picture disappears
And everything is cold now
Everything is cold now
The dream had to end
The dream had to end
The wish never came true
The wish never came true
And the girl
And the girl
Starts to sing
Starts to sing

Seventeen seconds
Seventeen seconds
A measure of life
A measure of life
