You crawl to me and I crawl to you
And in the middle we meet
You drink from me and I swallow you 'cause in my heart
the rent is cheap

I've been staying up way too late
You wanna love me girl
Don't hesitate
I've been staying up and I've been waking up

Pray this world will see me now as you do
I've never looked so good

I crawl through this city and I'm looking for you
I chase the darkened streets
I call your name darling 'cause it's all I can do
I sing to you my sweet
I've been staying up way too late
You wanna love me girl
Don't hesitate
I've been staying up and I've been waking up

Pray this world will see me now as you do
I've never looked so good

And if there's a reason to run will you run right back to
me
And if there's nowhere to go will you come
Come to me
Come to me

I've been staying up way too late
You wanna love me girl
Don't hesitate
I've been staying up and I've been waking up
Mmm

I pray this world will see me now as you do
And if it was mine I'd give it all to you

I pray this world will see me now as you do
I've never looked so good
