God bless America and our enemy dudes
Land that I love
If we win or we lose
Standing beside her and keeping score
Guiding her freedom to the enemy's door

God bless America by land and sea
Saving the world from catastrophe
My home sweet home with a lock and a key
The dawn's early light on a big screen TV

Oh
How I loved you
It's true
Your skylines and coal mines
And your strippers too
Do you ever miss me
'Cause baby I miss you
From the mountains and prairies to the prisons and
malls
I've got a bible and a Barbie doll
God bless America and her Kodachrome flag
From purple mountains majesty to the streets of
Baghdad

Oh
How I loved you
It's true
Your churches and casinos and happy hour too
Do you ever need me
'Cause baby I need you

God bless America at the great finish line
Winning the war with their hearts and minds
Standing beside her with a Union Jack
Whatever she's done she can't take it back

Oh
How I loved you
It's true
Your winners and losers

And your cheaters too
Do you ever want me
'Cause baby I want you
Baby I want you
Baby I want you
