You're soulful honey
Razor blade sweet
Your ghost is a trip in red velvet sheets

I've got nickels and dimes if you've got free time
You're a careless sweetheart
Kissing for keeps

Pretty page
Bottomless moonshine girl
She came to the funeral in sweet baby pearls

I'm back from the dead
I heard what you said
You're so high strung baby
You could wind up the world

It's all right mom
I'm coming home tonight
Yeah
Yeah
It's all right mom
Jesus could be right
Yeah
Yeah
It's alright mom
The war ain't mine to fight
Yeah
Yeah
I'm just a fool now baby
I've got a bit more than a doubt

You're ghastly darling
Cookies and cream
You're speaking in tongues but I know what you mean
Do I still have to wait for true love and hate
You're a ballbreaker baby
Such a cast iron queen

It's all right mom
I'm coming home tonight

Yeah
Yeah
It's all right mom
Jesus could be right
Yeah
Yeah
It's alright mom
The war ain't mine to fight
Yeah
Yeah
I'm just a fool now baby
I've got a bit more than a doubt

Multitude baby
Of guesses and schemes
You cut me in 2 but I come back in 3s

With all the devils insane that the heavens contain
I picked a good one to love me
Sweet
So fucking insane

It's all right mom
I'm coming home tonight
Yeah
Yeah
It's all right mom
Jesus could be right
Yeah
Yeah
It's alright mom
The war ain't mine to fight
Yeah
Yeah
I'm just a fool now baby
I've got a bit more than a doubt
I've got a bit more than a doubt
