I'm going out tonight
Get your shoes on
Get it right
If you wanna meet out there it's all right
It's all right if you've got something better to do
Let me know
I won't hang around you but I'd like to

I'm not coming down unless you're coming with me
Get it out of your head
If it's not me now it's not me instead
It's not me instead
I'm not the smartest person you've ever met
But I'm old enough to know better
I don't know what it's like to be you and I don't want to
know
I just want to know what it takes to not be so
21 seems to be too old for you
You're too young for me

I'm not coming down unless you're coming with me
Get it out of your head
If it's not me now it's not me

You can run away from home if you want to
You can hang up on the phone if you need to
If you need to
If you need to
Do what you want
Do what you want

But I'm not coming down unless you're coming with me
Get it out of your head
If it's not me now I'm not coming
No
I'm not coming down

Get it out of your head
If it's not me now it's not me instead
It's not me instead
It's not me
