Don't turn around son and keep all your money
Your patience is what it's worth
It'll be a while until I can return the favor
And follow a sense of turn

With all that she's got she says please don't turn
around
With all that she's got she stood
With all she's got she say's please don't let me down
With all that she's got she's good

I couldn't be brash when I found love from a stranger
Who had little more than words
I knew it wasn't an act but a cry for attention
To notice this common curse
Isn't love worth letting out?
Isn't love convincing?
Well I couldn't say without you

With all that she's got she says please don't turn
around
With all that she's got she stood
With all she's got she say's please don't let me down
With all that she's got she's good

Isn't love worth letting out?
Isn't love convincing?
Well I couldn't say without you

With all that she's got she says please don't turn
around
With all that she's got she stood
With all she's got she say's please don't let me down
With all that she's got she's good

With all that she's got she says please don't turn
around
With all that she's got she stood
With all she's got she say's please don't let me down
With all that she's got she's good
