As I walk through the valley  
I'm followed by the shadow of death  
And I've got your notice here  
Did you notice it doesn't make sense

And I'll march right over  
And accept, accept this sentence

As long as it's not over  
And I've said what needs to be said

So get up, get up, get up my friend  
And don't you fall right down again  
Get up, get up, get up my friend  
And don't you fall right down again  
Fall right down again

It's time that I start over  
And defend what's mine to contend

I'll look over my shoulder  
Just to know I've kept this secret

Don't stop, just keep moving  
And I'll get there when I can

You're mine and I will prove it  
This time, time and again

So get up, get up, get up my friend  
And don't you fall right down again  
Get up, get up, get up my friend  
And don't you fall right down again  
Fall right down again
