You and I wait for summer
On our way to the hospital
I could wait up forever
But I am often told

This is all I know
This is all I know

Wave towards, wave towards the sky
I'm a thousand feet above you
I'm here for one more night
I swear I want you

I look for you in my horizon
Pull me back down to the world
I'll abide if you promise
Trace the lines that lead me home

And with all I hope
You'll look up and know

Wave towards, wave towards the sky
I'm a thousand feet above you
I'm here for one more night
I swear I want you

Wave towards, wave towards the sky
I'm a thousand feet above you
I'm here for one more night
I swear I want you

Wave towards, wave towards the sky
I'm a thousand feet above you
I'm here for one more night
I swear I want you

Wave towards, wave towards the sky
I'm a thousand feet above you
I'm here for one more night
I swear I want you
