I know what you've been searching for.
I know what you've been looking for.
I know what you've been needing more of,
All your life...
I know where you've been running to.
I know who you've been turning to.
I know what you've been trying to do,
All your life...

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I know what you've been going through.
I know what you've been trying to prove.
I know how you've needed something new,
All your life.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

[Instrumental]

I know what you've been searching for.
I know what you've been looking for.
I know what you've been needing more of,
All your life...
I know where you've been running to.
I know who you've been turning to.

I know what you've been trying to do,
All your life...

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.

I see you,
I could make your heart go faster.
I see you,
I could make it last forever.
