I was running from something I didn't know what
I was breathing like a dog in heat
She was high on the hog I was lost in the fog
Said I'm getting too old for this shit
And I knew she was crazy
I knew but I didn't care
And you know there was nothing more
She had to say right then
Stay young
Stay young with me

We had another round at a bar downtown
She was dancing with a pint on her head
It shattered on the floor so she ordered 2 more
And laughed each time again
And I knew it wasn't easy
To live the way she does
Forgiveness coming easily
When you're only having fun

Stay young
Stay young with me

Looking for a bed to rest our heads
Found a place where they charge by the hour
She was half undressed at the check out desk
He gave us service with a smile
And I heard a little bird
Whisper something in my ear
The words she said a thousand times
They all came clear

Stay young
Stay young with me
