Internet relationships are not real  
Your heart, people steal but identities conceal  
So here's a tale of warning for girls and boys  
Laptop computers can be dangerous toys

In the chat room, I inspect  
Who's here tonight? ASL check  
I'm 20/F from the UK  
Send me an IM and I'll make your day

I'm twenty-two and my name is Daryl  
Nice to meet you, Daryl, my name is Carol  
What do you like Carol? I like to go to shows  
I collect comic books and vintage clothes

What do you like? I like to skate  
I play rock guitar but I'm not that great  
I like to go on dates and I like to stay up late  
I live in San Francisco and hangin' on the Haight

Do you like the Golden Gate? I did when I was eight  
Maybe I can come and visit? Maybe you should wait  
See, I'm really forty-seven, I have kids and a wife  
I weigh three hundred pounds and I hate my life

Are you serious? Yes, well, I've got a secret too  
I'm not twenty, I'm really thirty-two  
I only have one leg and I like to sniff glue  
You lied to me, Carol  
Well, you lied to me too

It's not normal to have an Internet girlfriend  
Online relationships are just pretend  
Unplug your heart, upgrade your system  
Get, get off the Internet

Bob went on MySpace for hours a day  
Talking to girls from Moscow to L.A.  
But people can surprise you from behind a screen  
Listen to this verse and you'll see what I mean

Hi, I'm Susie, I like your profile

I checked out your pics and I like your style  
Sounds good, Susie, I'll be your friend  
We can write each other again and again

Comment on my pics and post on my page  
Join my groups and guess my age  
You must be eighteen, how could you not?  
You can't be in high school, you're just too hot

Let me send you pics for your personal collection  
I hope they inspire you and give you a smile  
Susie sent Bob pics that were borderline obscene  
Cops showed up at his door, she was only sixteen

It's not normal to have an Internet girlfriend  
Online relationships are just pretend  
Unplug your heart, upgrade your system  
Get, get off the Internet

If you don't believe, us here's a final story  
About a boy named Marcus and his online girlfriend  
Lorie  
Behind the monitor truth is hidden from your eyes  
Marcus didn't know but he was in for a surprise

We've been dating for a while but let's cut to  
the chase  
I don't know what you look like and I wanna see  
your face  
But what does it matter? You know who I am inside  
What if you're not a woman and this whole time you  
lied?

You got me there, I'm not really a female  
I'm a guy who pretends to be a girl through email  
So this is why it's bad to meet women online  
Living life behind the screen is a total waste of time

It's not normal to have an Internet girlfriend  
Online relationships are just pretend  
Unplug your heart, upgrade your system  
Get, get off the Internet

It's not normal to have an Internet girlfriend  
Online relationships are just pretend

Unplug your heart, upgrade your system  
Get, get off the Internet

Online relationships, online relationships  
Online relationships, online relationships  
Online relationships, online relationships  
Online relationships, online relationships
