I?m like giving life to the mike boys  
Like mj give cracks to back boys  
Nodes I?m focused, to perfection  
I?m the closest, the best and you know this  
Try not and I become the coldest  
Giving dudes the cold shoulder  
I?m like the water in my jordans  
And they care like roaches  
When I step through, they get treated and stepped  
through  
Like my nephew and my nieces  
You should hold on to them jesus pieces  
Like your life?s dependent on it, you should be  
offended  
No one that poses and walks away with the women  
Not when I got my black and white with the crimson  
high

[Hook] x 2  
Y?all don?t wanna mess with us  
We can?t be shot  
We can?t be touched  
No matter how hard they try,  
Jordan brand stays fly  
Tell them haters bye bye, haha

Above and beyond, we on, we interlaced  
Like laces and it may sound  
Basic but we strong,  
We into lock like chains that represent the pain  
Hard work to sustain what we gained  
We made to create, them others are made to hate  
We overcome the dumb non sense that await  
Thou shall not forsake the game  
I aim to bring pain to those who mischosed my name  
A heavy weight, moving at a steady pace  
To say he?s great, a huge understatement  
Wait man, jordan effect is what you facing  
The man that shoot the brand is amazing

[Hook] x 2

Y'all don't wanna mess with us  
We can't be shot  
We can't be touched  
No matter how hard they try,  
Jordan brand stays fly  
Tell them haters bye bye, haha
