I wish, I was a little bit hyphy, I wish E-40 liked me
I wish, I didn't crash going ghost riding nightly
Wish, I didn't have to face the fact that I'm whack on
the track
White kids aren't hyphy

Got kicked out of Slim's like a week ago
For crumping in the front row at the Anticon show
And everyone I know says I'm taking my chances
Cruising through Oakland bumping Sage Francis

San Jose rappers say they don't want to hear
Angry emo raps by Eyedea and Atmosphere
The hippies out in Berkeley tell me I should stop
Ghost riding my Volvo wearing Birkenstocks

So I took my Dad's Lexus into town for a spin
Surprised him back at home with so 18-inch rims
Up at Live 105 jumping on Aaron's desk
Stop playing Mickey Avalon, his concepts are a mess

Traxamillion did this beat, now he's calling on the
phone
Drank too much Hyphy Juice, then I got a kidney stone
The Bay has come back with a brand new sound
But it's so hard to be retarded, guess, I'll never be
down

I wish, I was a little bit hyphy, I wish E-40 liked me
I wish, I didn't crash going ghost riding nightly
Wish, I didn't have to face the fact that I'm whack on
the track
White kids aren't hyphy

I wish, I was a little bit hyphy, not white like Kiera
Knightly
I wish, I had a whip for the girls rocking Nike
Wish, I didn't have to face the fact when I'm back with
the raps
White kids aren't hyphy

Showed up at the side-show but they laughed at me

Tried to ghost ride my whip but I hit a tree
And I can't yoke my Volvo on five bucks a gallon
Didn't have any thizz so I popped a Valium, because

That's how we roll when we're in the Yay Area
The rippers ride the yellow bus we bring the mass
hysteria
I'm up in the club in my brand new stunnas
Had a seizure form the strobes so my moves got
dumber

Keak da sneak looked at me and said, "ÃfÂ'yo this kid
can dance, ÃfÂ³"
I was keeping it so treal that I split my baggy pants
Then I got up on the mic all def dumb and hyphy
From Richmond to Vallejo rappers want to be just like
me

E-40's in his scraper with his brand new slumper
I'm chillin' with Bubb Rubb in the tricked out Hummer
The kids yell, "ÃfÂ', yee, the whistles go ÃfÂ³, whoo
ÃfÂ³"
Don't know what I just said on this verse, do you?

I wish, I was a little bit hyphy, I wish these rappers liked
me
Wish, they weren't on Myspace always typing, ÃfÂ',
bite me, ÃfÂ³"
Wish, I didn't have to face the fact that I lack the attack
White kids aren't hyphy

I wish, I was a little bit hyphy, not your aver white G
Catch me in the Source with five mics? That's unlikely
Wish, I didn't have to face the fact that I'm whack like
Iraq
White kids aren't hyphy

Check out this dance move, it's the new hyphy style
You just throw your arms and legs around
Like you just got a electrocuted
It's the new hyphy style, let's get it twisted

Easy man, you just kicked my girlfriend in the face
She's bleeding everywhere
Come on, man, dude, you come on
I'm just keeping it treal

I wish, I was a little bit hyphy, I wish E-40 liked me
I wish, I didn't crash going ghost riding nightly
Wish, I didn't have to face the fact that I'm whack on
the track

White kids aren't hyphy

I wish, I was a little bit hyphy, not white like Kiera
Knightly

I wish, I had a whip for the girls rocking Nike
Wish, I didn't have to face the fact when I'm back with
the raps
White kids aren't hyphy

Shout outs to the whole Bay Area
What we used to call Marine World
Dr. Comics and Mr. Games, Stanford University
Charging too much for a liberal arts education
Silicon Valley, thanks for inventing the Internet
The Oakland A's, please don't move to Fremont
I'll be rocking that hat with even less allegiance

Ya did, I, I'm sayin'
