I'm honestly sorry.

All these regrets are in my palm,
I hold your hand to apologize.
And all these mistakes I've made before..
Are staring back at me through your eyes.

Don't fix your mouth to say it.
Don't fix your mouth to say a word x2.

Before it's over...

Rival screams, opposing words.
And we're still nowhere at all.
I sense your argument growing frail.
I still see your smile behind those tears.

Don't fix your mouth to say it.
Don't fix your mouth to say a word x2.

All this time wasted on.. wondering if I should stay.
All this time wasted trust... Just so I can run astray
