Lalalalalalalalalala  
Lalalalalalalalalala  
Standing on the edge of the beginning and the end  
Ohh so this is what it feels like  
87th floor of a high rise in New York  
Ohh there's something new this time

And I know since I was young  
And I feel it in my bones  
And this is how it's always meant to go

Right here above the street  
Watching the city span beneath  
I couldnt help but feel like an outsider  
Lifting up off the ground  
Seeing for the first time now  
This is where I became an outsider

I couldnt help but stare when I caught them standing  
there  
Ohh I could see it in their eyes, yea I saw it in their eyes  
And I can hear the song it's been playing all along  
Can you hear the singing

And I know since I was young  
And I feel it in my bones  
This is how it's always meant to go

Right her above the street  
Feeling the city span beneath  
I couldnt help but feel like an outsider  
Lifting up off the ground  
Seeing for the first time now  
This is where I became an outsider

Ohh singing it yea

This is how it's always meant to go

Right here above the street  
Watching the city span beneath  
I couldnt help but feel like an outsider

Lifting up off the ground  
Seeing for the first time now  
This is where I became an outsider
