As we get ready for the journey home
I said were ready to sit by the throne
And yeah were ready for our final days
Were punchin the clock were gettin in line and we say
HEY
Gunna leave here today
Pack our bags and be on our way and say HEY
Hes defeated the dark
We're signed sealed delivered weve made our mark

As we get ready to leave this place
Its shattered bones and it's broken face
They can keep 'cause were movin out
Have fun tendin it and knock yourself out and we say
HEY
