Sweet oblivion
Don't leave me waiting too long
Once we were so at ease
We had everything we could ask for, here in your cold
embrace
There is no distance or time
But in such sweet solitude
My pain starts to fade away
Meet me in the bathroom and I'll show you everything
I'll give you something that you can believe in
You kept me waiting
Waiting for oh so long
Don't leave me standing here
Sweet oblivion
Don't leave me waiting too long
'cause when I lost my mind
You're the only one I could
Turn to Perpetuate, but I'd be wasting my time
I've finally realized you're the only one that I needed
Meet me in the bathroom and I'll show you everything
I'll give you something that you can believe in
You kept me waiting
Waiting for oh so long
Don't leave me standing here
All this filth and disease that brought us all to our
knees, but the faithful
Will keep holding on
When all that they're living for is gone
