SOUND THE FREEDOM BELL WERE GONNA YELL
Its a fight were gunna win
SOUND THE FREEDOM BELL WERE GONNA YELL
Rise up against us all you want but well never give in

Looks like were back again
You thought We'd give in
By all means from intimidation
Shut down we'll rise back up
An A for efforts all you get
Well next time better luck

Knocked down we're comin back around again
Confined we're cimbin up the wall again

We won't be bound again
With the yoke of bondage and detention
You try to detain us, the hope we have
The faith in things that we trust
Time and time we're told
Pull back withdraw revoke
Doesn't look like that's happening any time soon
