As we get ready for the journey home  
I said were ready to sit by the throne  
And yeah were ready for our final days  
Were punchin the clock were gettin in line and we say  
HEY  
Gonna leave here today  
Pack our bags and be on our way and say HEY  
Hes defeated the dark  
We're signed sealed delivered weve made our mark

As we get ready to leave this place  
Its shattered bones and it's broken face  
They can keep 'cause were movin out  
Have fun tendin it and knock yourself out and we say  
HEY
