Snowbound for Christmas  
That's what I'd like to be  
Snowbound for Christmas  
Just you and me

No one for miles around  
Frost on the pane  
Two people sharing  
Castles in Spain

Logs on the fire  
Walls hung with mistletoe  
Wind in the chimney  
Hearts all aglow

Oh, how I wish my dreams  
Would all come true  
Snowbound for Christmas  
Darling, with you

No one for miles around  
Frost on the pane  
Two people sharing  
Castles in Spain

Logs on the fire  
Walls hung with mistletoe  
Wind in the chimney  
Hearts all aglow

Oh, how I wish my dreams  
Would all come true  
Snowbound for Christmas  
Darling, with you
