Oh Valerie Plame  
If that really is your name  
I would just shout the same  
To the world

Dear Valerie Plame  
So they made a wreck of you  
But give me the rest of you  
And I'll give the world

But you were just some silly girl  
Taking in the sights of your empire's colony

So I took you into my confidence  
Without a thought of consequence  
To my heart or to my mind

But Valerie Plame  
If that really is your name  
I would just shout the same  
To the world

La da da de da  
la de da da  
la de da da da dada da

Oh Valerie Plame  
If that really is your name  
I would just shout the same  
From up high

Dear Valerie Plame  
I'll look for that long exchange  
Outside of the Bureau Change  
In Shanghai

But I was just some stupid boy on a bus  
When your nom de guerre was Codename Caroline

And so my Vespa became your chariot  
From the Green Zone Marriott

To be etched upon my mind

But Valerie Plame  
If that really is your name  
I would just shout the same  
To the world

And when they flashed your picture 'cross the screen  
How my heart seemed to leap out of me  
And they attached a list of your identities  
But the one you'll always be

Is Valerie Plame  
If that really is your name  
I would just shout the same  
To the world

Valerie plame  
If that really is your name  
I would just shout the same  
To the world

La da da da da da da.. hey hey Valerie Plame (x3)
