A veil has been laid over my eyes  
It fades the light of life for me  
I wish for light in a dreary world  
In my valley of turbulence  
Speak the words to present me serenity  
I'm serving my nature

Forget sane proportions  
Embrace your darkest Enemy  
It all comes down to this  
Moment of clarity  
Remember insanity  
Reject the past so cold  
It all comes down to this  
Moment of clarity

Locked inside this room I hide  
To generate all in which I confide  
Tangled up in a chronic web  
The noose is tightened for each day  
Pinned up to meet the judging whores  
Fulfilled of who they think that they are

Forget sane proportions  
Embrace your darkest enemy  
It all comes down to this  
Moment of clarity  
Remember insanity  
Reject the past so cold  
It all comes down to this  
Moment of clarity

Made up to keep the dragon away  
To block the fears from yesterday  
Made up to keep the demons away  
To block the ghost from yesterday

Tangled up in a chronic web  
The noose is tightened for each day  
Pinned up to meet the judging whores  
Fulfilled of who they think that they are

Forget sane proportions  
Embrace your darkest enemy  
It all comes down to this  
Moment of clarity  
Remember insanity  
Reject the past so cold  
It all comes down to this  
Moment of clarity

Forget sane proportions  
Embrace your darkest enemy  
It all comes down to this  
Moment of clarity  
Clarity  
Clarity
