Fail the trial  
Place new bets  
On the other side of regret  
Fool the cheat  
Kill what's left  
On virgin ground  
Redeemed

Fragile bliss shows stress within  
Live the nightmare  
Be aware  
One last call  
A final scare  
This is what's left

Grinding my way through the blackened skies  
This is the moment I've come to despise

Machinery fuels the flame to life  
Organic shape will pacify  
And all our pain falls back on sorrow  
Bleed with me

Fading image mirrors life  
Reflects my inner strength  
Born insane, anomaly  
On dying ground

Grinding my way through it's blackened skies  
This is the moment I've come to despise

Machinery fuels the flame to life...

Fallen from grace  
Now standing tall  
Draining what's left  
No one expected this failure  
Time has come, behold

This is the moment I've come to despise

Machinery fuels the flame to life...

Grinding our way through it's blackened veins  
This is the moment that we all hail
