I have to feed on you for a second time  
Gain strength for a failure of two  
Find a nuisance  
Find a friend  
I have to force lies into you again  
I make my back through  
I tell a lie so cold  
Blind - sympathize  
I'm victimized  
A real fuck up

I'm chosen  
Stuck in your mind  
I'm focused  
The art of defiance gets me through

A sole figure  
Reflects the dark  
Let my spirit walk  
Through crop fields  
Through formation  
Nothing grows  
A blunt reality  
Soaked with regrets  
In my hibernation  
Unreal sensation

I'm chosen...

I had to sacrifice you  
To my war within  
The current is so strong  
My mental landscape  
Rearranged and diffused  
Let me go to my sacred place again  
When it all comes down  
I see you burn my friend

I'm chosen...

The chosen

Devours you whole  
So eager  
A quick fix through the cold
