

The Defaced "Once In Between"

Inside and out our lonely egos
There's something wrapped around her
Tenderness, redress
And we fold our stares into sepent shapes
It's more comfortable this way
Don't want to lose

The point of liberation, stranger than fiction
Where are my angels in this opium dream?
I'll swallow a bullet just for the fuck of it
Insidious lullabies or something that justifies

Where I once stood, in what I believed
All turned out to be the falsest path
Determined to fail
Determined to fail

3 drugs and 3 different realities
10 ways to go but none that suit the bitter me
I'm told that secrets lie in the deepest of oceans
Do I dare to lay my hands in this shape of mine

Where I once stood, in what I believed
All turned out to be the falsest path
Determined to fail
Determined to fail
