I never smile when anyone's around
I'm pounded into my selfcontained obscurity
I don't give a fuck, and I never will
I'm my only friend and I stay true to my core

Those miserable dots, gazing by in haze
The more I give you, the more I die
Riding my sharp edged ego
Spit and stain my name

Welcome to the prozak nation
I'd give it all just to see it fall
To weird to live, to rare to die
The drugs stare and witness all

Hope the line is drawn for the 3rd dimension
My nest of insanity's crescendo, isolated
You'll remember sunshine when it's gone
Face the fact, no rhyme or reason

Cause i'm mother earth's wet forbidden dream
The masturbated soul
And it's stained pain
A strange flower in hallucinating fresh bloom
