and we wait for leaves to fall  
I thought it meant nothing at all  
all the time spent last year is record breaking of the  
same old story  
imagine all the chapters we would have to skip  
to find that perfect ending that fits your description  
and even though you're laughing, I'll still shed a tear or  
two  
to show that you're the puzzle piece I'm missing

I never thought that you would be bent and broken  
from a recent memory  
(wait for me)

I thought this was never ending  
we were meant for such glory  
but I just can't stand to be this far from you  
cause I'm running on empty  
we were meant for such glory  
if you wait for me, I'll wait for you

your picture's on the wall  
I thought it meant nothing at all  
and even though you're hard to understand  
maybe we could be best friends  
and I'll catch you if you fall

if you wait for me, I'll wait for you  
I'll wait for you
