Haunting my inner vision
Blackening light
By blood I inherited this war
Just my will keeps me alive

Beating myself blind
Stoned into infinity
Crushing against the wall
It's like a raging pestilence this fight

Away
From this inner decay
Away
From your dismay

Prejudice is stalking me
Grinning in my face
Burning the last part of me
I'm beyond the point of no return

Lunacy lies near
Breathing down my spine
Raging inside this temple
Manifesting cold remains of fear
